Fort Recovery also offers a magnificent 8-bedroom beach villa offering privacy and seclusion, which is perfect for a large group of family or friends. The History of Fort Recovery Built around an original 17th Century Dutch Fort, Fort Recovery on Tortola, is possibly one of the last standing and oldest, completely intact Forts, not only in the British Virgin Islands, but in the entire Caribbean. This site is one of the most famous historical landmarks in the BVI. Surrounded with masses of tropical flowers, & swaying palm trees, Fort Recovery offers privacy and intimacy. Jean Lafitte, a renowned Pirate, landed at Fort Recovery in the 1600's. Shortly afterwards, Fort Recovery was used as a Barracks for wounded soldiers, thus the name Fort Recovery was derived.... according to historical evidence. Fort Recovery has its own restaurant (exclusively for their guests) and there is also a good selection of restaurants a short drive. Experience a beautiful sunset over Tortola as you relax on the dock. Salt-water fly-fishing trips can easily be arranged or you can fish from Fort Recovery's own dock.
